A petition in bankruptcy has been filed in the office of the clerk of the U. S. court at Rutland by Robert J. Baldwin of that city through his attorney, Law-Jones, in which he claims to have liabilities of \$1500 and assets of \$615, of which \$550 is claimed exempt.

More people are sick in Franklin at the present time than at any time since the commencement of the peidemic in October. Many of the cases of influenza are quite serious and one death has resulted. No quarantine restrictions have been applied and public gatherings are going on as usual.

Rev. J. Wesley Rafter, pastor of the First Baptist church in Windsor, has resigned, to accept a unanimous call to the pastorate of the First Baptist church of Newport, N. H. Mr. Rafter was recently appointed chaplain of the state prison and his parishioners also offered him an increase of \$300 a year in his salary if he would remain, but he chose to go to the larger parish at Newport.

Although expecting plenty of ice-mak ing weather before spring, there is at present a scarcity of the product in Burlington. In Mallets bay, where usually at this time of the year cutting is going on briskly, there is now barely enough ice to fish through. #### VERMONT WAS LAGGING. On the Last Day of Formal Drive for Relief of Near East.

White River Junction, Jan. 20,-Yesterday, the final original date for con-cluding the campaign in Vermont to raise \$60,000 to relieve the suffering of the thousands in distress in the countries of the Near East, found Vermont lagging in many places. This condition is large Iv attributed to weather and bealth conditions and because of it the drive wil be continued in all communities that have not already reached their quotas.

Franklin county gives promise of be ing ready to carry on the campaign there this week. Unfortunate conditions have snade it impossible to organize that county before this date, but with a corps of workers in the field, that county should now come into line with the oth

In Rutland the Red Cross will assist in making up the quotas of that city. Proctor has subscribed way beyond its quota. West Rutland has 75 per cent of its quota.

In Orleans county sickness in many communities has retarded the work of the drive, but with the work going over into this week there is no doubt that the county will reach the goal.

In Windsor county towns each day the outlook brightens, and while the campaign must be continued into this week the full quota of the county is expected to be subscribed early in the week. Burlington's spirit is commended. With \$7,000 raised the workers in the Queen city have voted to go after an additional \$3,000. St. George has oversubscribed

its quota by 50 per cent.

The total quota of Caledonia county will be reached, with few towns finding it necessary to continue the drive another week.

The situation in Orleans county is excellent and while some towns find it necessary to extend the work, the full quota of the county is promised.

The situation in Washington and Orange counties is improving with a determination of raising quotas this week. International Food Administrator Hoover has sent another cablegram to relief committee headquarters at New York, which reads: "Food is not the only problem in Armenia and Syria, Hundreds and thousands are driven out cruelly by the Turks. They must be reinstated in their homes and afforded an opportunity to become self-supporting. problems require largest measure of support from the charitable public."

With this serious situation known to Vermonters the full quotas of each town in the state are sure to be reached during ty and who meet the other requirements the extended days of the drive this week

#### WAR RISK INSURANCE. A Statement Issued By Vermont Committee of Public Safety.

J. G. Brown is sending out the following letter which is the revised regulations governing war risk insurance and giving more information than any recently is

The bureau of war risk insurance has authorized the following statement regarding the payments of insurance preniums by discharged soldiers:

At the time of the discharge of an offier or enlisted man who has taken out insurance, he is handed a memorandum of information on which is stated the amount of his monthly insurance premium until July 1, 1919, and the amount of such premium for each year thereafter for five years, commencing with July 1. This will leave no doubt as to the amount of each insurance payment. At the same time each officer or enlisting man should earn from his commanding officer or the insurance officer the date to which his remiums have been paid by deductions from his pay.

Where to Send Checks. If the insured at the time of his disharge has learned the date to which his remiums have been paid, he should, on the same date of the succeeding month. send his premium to the disbursing clerk, Bureau of War Risk Insurance, Treasury Department, Washington, D. C., making the check or money order payable to the

Blanks Will Be Sent Out.

On receipt of the first premium payment and of each succeeding premium payment the bureau of war risk insurance will send to the insured a blank to use in making his next payment. such blank is not received or no reply received to the first payment, the insured hould nevertheless make his next payment not later than one month later than the preceding payment, again asking for information as to the date to which his remiums are thereby paid.

In all communications the insured should give his full name, including both first and middle names, his grade and organization at the time of applying for insurance, his army serial number, the insurance certificate number (if he knows it) the date of discharge or separation from the service, and his present address. This information is given notwith standing the fact that further regulations possibly amending what has been said, are under consideration because their issuance may be long delayed if they are issued at all.
